Notes for Andrew William Stephenson:

Andrew William and Mary Stephenson had 13 children, five of whom had died by April 1911. The names of four of these children are currently not known.

The presumed death date of Andrew William Stephenson in 1927 has not been confirmed. The General Register Office were unable to locate details for this death although it appears in the index of deaths.

Andrew William Stephenson worked as a platelayer, a railway worker who worked in a gang of men under the leadership of a ganger, looking after a certain 'length' of line. Literally the backbone of the railway, with little available to them in the way of mechanical assistance in those days and often involving arduous and uncomfortable work

A description of a platelayer in Victorian England can be found here:
